

What Should I Bring Fishing?

Comfortable clothing: The weather on the lake changes quickly so it is a good idea to bring layers of clothing. You can always take clothing off but you can't put it on if you don't have it along.

Comfortable shoes are a must that have a rubber soul with good grip so you don't slip.

Rain gear: This is a good insurance policy. We will fish and continue to fish in the rain. Fish love it wet so they don't care what it is doing up above.

Sun protection: Sun glasses, sun screen, and a hat. The sun can really beat down out there and we want you to be protected when you are reeling in all your fish.

Motion sickness medicine: If you get sea sick or you're not sure, it is a good idea to get some motion sickness medicine. This can be found at most stores. The brand does not make a difference but I do recommend that you get the non-drowsy kind. You definitely want to feel your best to enjoy your trip and being sick is no fun.

Food/Drink: A good idea so that you can keep your energy up. Packages include continual breakfast aboard as well as soft drinks. Lunch can be provided if requested. Alcoholic drinks are allowed aboard as long as over the age of 21.

Memory keepers: A camera or video camera is a great idea so you can capture all the fun and exciting moments that you will share with friends and loved ones. Pictures can be taken and emailed to you upon request.

Duffel bag: You have an easy way to carry and keep track of all of your things that you bring.

A cooler: A cooler, 55 quart or bigger, to bring your fish home in. Ice is for sale right in the marina for your convenience.

Extra Cash: Tips are not required but are greatly appreciated. We do our best for you and would love to have your business year after year. Also, so you can enjoy all of the fun things to do in our area. We do have a store with a variety of clothing hats and souvenirs.
